SAHITI GABRANI

SOFTWARE DEVELOPER

OBJECTIVE

Computer Science sophomore with programming aptitude looking to learn from experienced team members while drawing on project experience and sharing innovative ideas.

EXPERIENCE

WEB DEVELOPER

Lifelines Engineering

July 2022 – September 2022 | Los Angeles, CA

Designed and established user-friendly website using PHP and HTML/CSS that holds hundreds of presentation videos with a login portal. Brainstormed and implemented ideas with supervisor. Built and maintained code for the web app.

COMPUTER SUPPORT TECHNICIAN

UCLA Student Affairs IT Department

September 2021 – June 2022

Part-time job to provide software, hardware, and general IT support. Answered queries on technical issues and quickly resolved tickets. Selected as employee of the year.

PROJECTS

DEVX SUMMER INTERN | JUNE 2022 – AUGUST 2022

Revamped the club DevX website using React, HTML/CSS and design using Figma. Collaborated with 5 interns and the club director to implement the ideas and feedback.

ACM HACK | MARCH 2022 – JUNE 2022

Led a team to build a web app with Python (for web scraping), HTML/CSS and Figma for design. Generates a random dish from daily UCLA menus based on users' dietary restrictions.

COMPATIBILITY DATING APP | JAN 2022 – MAR 2022

Developed a compatibility-based dating app *Unhinged* that matches attribute-value pairs by building a Radix Tree in C++. Application can support up to 100K members.
